

SEE THE CAMERAS USING INTERNET EXPLORER BROWSER

Follow these steps if you want to view your Security Cameras from the Internet Explorer browser for the first time. This procedure is only for the first time and works for different versions of Windows Internet Explorer.

- Open Internet Explorer
- Click in "Tools"
- Then click in "Internet Options".

• Click on "Security" tab.

P&O Global Technologies, Inc

+1 954-616-0600 / info@pogt.net / 224 Commercial Blvd., Suite 206, Lauderdale by the Sea, FL 33308

- Clear the check mark "Enable Protected Mode (requires restarting Interne Explorer)"
- Click on button "Custom Level..."

• You will receive a warning message. Click "Run".

• After install the ActiveX Control, an interface will prompt you log in System. Filling in the right user name and password, you can see a monitor interface.

After access to all feature in the DVR you should restore the setting to original state (Default Setting).
